

**Prompt:** The second half of Theme: Approaches to History has explored how historians select search terms to locate secondary sources that help them find answers to their research question. Return to your submission for Progress Check 1 and expand upon your event’s historical significance, describe two secondary sources you could use to research your event (along with search terms you used to locate those sources), and support your research question with secondary and primary sources.

Specifically, in this assignment, you will submit the following elements of your Project 1: Writing Plan for review by your instructor:

<p>In <b>Theme: Approaches to History, learning block 2-3 (page 3)</b>, you completed the following element:</p>	<p>I. Describe the historical event that you selected. Why is this event significant?</p>
<p>In <b>Theme: Approaches to History, learning block 2-3 (page 3)</b>, you worked toward the following element:</p>	<p>II. Describe at least two secondary sources that you could use to research your historical event. Your sources must be relevant to your event and must be of an appropriate academic nature. In your description, consider questions such as: What are the similarities and differences in the content of your sources? What makes them appropriate and relevant for investigating your event? What was your thought process when you were searching for sources? How did you make choices?</p>
<p>In <b>Theme: Approaches to History, learning block 2-3 (page 3)</b>, you completed the following element:</p>	<p>IV. Based on your review of primary and secondary sources, develop a research question related to the historical event you selected. In other words, what would you like to know more about?</p>

Please note that the numbering included above directly aligns with the numbering of these elements as they are presented in the Project 1 Guidelines and Rubric. You will ultimately also need to describe primary sources that you could use to research your event as well as the audience and message for your historical analysis essay, but you do not need to do so in this submission. You will be prompted to build upon this progress check submission to prepare your final writing plan for submission in Week 4.

### Rubric
