## Project Data

Module

8

Now, you will upload two separate files that:

- Shares your raw data with your instructor, and
- Shows your initial data exploration that will inform your analysis and, perhaps, illustrate your report.

As you are looking ahead to the rest of the Course Project, review the [instructions](#) and [template](#).

This attempt took 5 minutes.

### Question 1

10 / 15 pts

Upload a document or spreadsheet with the data you collected.

↓ [Best iPhone Battery Life.docx](https://erau.instructure.com/files/21590993/download)  
(<https://erau.instructure.com/files/21590993/download>)

This is not a lot of information to work from. Is it possible to have more years?

## Question 2

6 / 10 pts

Upload a file that contains tables and displays of your data that may (or may not) enhance your final report.

↓ [Stat Excel.xlsx](https://erau.instructure.com/files/21590966/download)  
(<https://erau.instructure.com/files/21590966/download>)

I would change your setup on the graph to show the battery life on the y-axis and the year as x.
